

# TAKE ACTION WORKSHEET

**Congratulations on curating a conversation about the community opportunities and challenges that concern you! Now, it's time to turn your ideas into action. Spend a few minutes with your guests brainstorming what happens after your table. Here are some steps to help you:**

1. **Brainstorm actions:** As a group or as individuals, think about actions you can take to move your conversation from ideas to impact. These actions can include convening a follow-up conversation, collaborating with an organization, or raising funds for a grassroots organization working to address a gap important to you.
2. **Record your actions:** Use the questions below to record your actions. Write down the specific action steps you plan to take, along with the names of the individuals or organizations you plan to collaborate with, if applicable.
3. **Follow up:** Once you have identified your actions, it's important to follow through. Set a timeline for your action steps, and make sure to communicate with your fellow table participants and any partners or collaborators as you move forward.
